Mariiv

The image shows the word "Mariiv" and a heart shape, all constructed from thick, colorful clay or dough. The letters are arranged horizontally on a plain white background. The 'M' is green, the 'a' is orange, the first 'r' is yellow, the 'i' is dark brown, the second 'i' is red, and the heart is pink. The clay has a slightly textured, matte appearance.

MERRY

The image shows the word "MERRY" in a decorative, rustic font. Each letter is constructed from a dense arrangement of dried, brown pine needles and small, round pine cones. The letters are positioned on a background of horizontal stripes in shades of grey and white. The overall aesthetic is natural and festive, typical of winter or holiday decorations.
